We are looking to strengthen our team by recruiting a new:

Cloud Architect (m/f/d)

As a Cloud Architect, you'll work closely with our development teams and architects to design, automate, and evolve our Azure cloud platform.

The Qualifications:

- Higher technical education (university or college degree)
- Azure Administrator certification
- Experience with Azure Bicep, Azure DevOps Pipelines and PowerShell
- Excellent problem-solving and troubleshooting skills
- Team player, proactive mindset, and results orientated
- Fluent in spoken and written English

The Job:

- Design and maintain Azure infrastructure using Bicep
- Build and maintain Azure DevOps pipelines
- Automate operational tasks using PowerShell
- Monitor and troubleshoot our Azure environments together with our Operations Team

If these tasks sound like something you would enjoy, we want to hear from you!

The Incentives:

- A dynamic and multifaceted job in an international, rapidly growing company
- We are open to applicants with more experience as well as those earlier in their careers. The minimum annual gross salary for this position is €45.738 (38.5 hours/week) but will be adjusted based on qualifications and experience
- Flexibility - our office is in Moedling, Austria but we are open to reasonable hybrid working models that blend in-person collaboration with remote work.

We look forward to receiving your application! To apply, please go to
