We're currently looking to further develop our product and company by recruiting a:

Software Developer Visual Studio C++/C# (m/f)

As a software developer your main responsibility will be to design and implement new features for our Client/Server application. Being able to write reusable and reliable code and manage your own projects while working within a team is key to success.

The Profile:

- University degree in computer science
- Good knowledge of Visual Studio C++/C#
- Basic database skills
- Team player, proactive mindset and results orientated
- Familiarity with Microsoft Azure is a plus
- EU work permission required

The Job:

- Work on a proven software suite sold and used around the globe
- Designing and implementing new features
- Evaluating new technologies for future development
- Collaborate with your colleagues to share ideas and best practices
- Develop software in an agile environment (Kanban)

If these tasks sound like something you would enjoy, we want to hear from you!

The Rewards:

- A dynamic and multifaceted job in an international, rapidly growing company
- We are open to applications both from candidates with more experience as well as those earlier in their careers. The minimum annual gross salary for this position is €37.000 (38.5 hours/week) but will be adjusted based on qualifications and experience.
- We offer flexible working models to suit your preferences. You can work from home, from our office in Mödling, or a mix of both.

We look forward to receiving your application! To apply, please go to www.therefore.net/apply.
