

# Therefore™

PEOPLE PROCESS INFORMATION

**Therefore Corporation** produces high quality information management software for companies around the world. Are you interested in joining a dynamic team — a team that has the goal of producing the world's best information management software? Therefore™ has helped thousands of companies to speed up their business cycles and improve the way they process information. Find out more [on our website](#).

We're currently looking to further develop our product and company by recruiting a new:

## Software Developer (Visual C#®) (m/f)

As a software developer your main responsibility will be to design, implement and test new features for our Client/Server application. Being able to write reusable and reliable code and manage your own projects while working within a team is key to success. This position is based in Moedling, Austria.

### The Profile

- University degree in computer science or similar working experience
- Good knowledge of Visual C# and Microsoft® .NET Framework
- Basic database skills
- Logical thinking in order to create well-structured class design and algorithms

### The Job

Tasks will include:

- Designing and implementing Therefore™ software
- Testing new features

If these tasks sound like something you would enjoy, we want to hear from you!

### The Rewards

- A challenging and diversified job in an internationally oriented, rapidly growing business
- Technical training and a minimum gross salary starting at €2272 /month 38,5 hours/week as per collective agreement (salary may be adjusted based on qualifications and experience)
- A modern office located directly next to the Moedling train station, which offers excellent public transportation possibilities, as well as many convenient amenities such as a grocery store, pharmacy and gym walking distance from our office
