We are looking to strengthen our team by recruiting a new:

Product Manager

The Profile:

To strengthen and scale our information management platform for long-term success, we are seeking a **Product Manager (Platform / Backend)** to take ownership of our backend services. In this role, you will collaborate closely with cross-functional teams to drive the strategic development and continuous improvement of our backend infrastructure. If you have the skills and characteristics below, we are looking for you!

- University/college education in a technically-oriented subject matter (IT, computer science, mathematics, etc.)
- Solid knowledge of the software development process (teams, roles, methodologies) as well as software design concepts.
- Experience with roadmap writing, prioritization, and stakeholder management.
- Strategy-oriented mindset and the ability to set and meet organizational goals.
- Willingness to learn by analysis of qualitative and quantitative data.
- Excellent communication skills and the ability to empathize and understand business needs.
- Fluent in spoken and written English for professional usage.
- Knowledge of information, document, or content management systems a plus.
- Scrum certifications or advanced methodology knowledge a plus.

The Job:

- Develop the product strategy and roadmap for platform and backend services.
- Translate technical requirements and capabilities into clear business value.
- Coordinate with various stakeholders to prioritize platform needs and manage dependencies.
- Maintain a strong focus on market, partner, and customer needs to guide product decisions.
- Monitor technology trends and derive actionable insights for product development.
- Participate in meetings with partners and customers.
- Define and report key metrics to measure the success and impact of initiatives.
- Occasional travel required

The Rewards:

- A challenging and diversified job in an internationally oriented, rapidly growing company.
- A flexible work environment with the freedom to work from anywhere with an internet connection.
- An international, highly motivated and creative team to support you every step of the way.
- We offer flexible working models to suit your preferences. This is a hybrid job, where you can work from home but should also be able to travel to our office in Mödling, Austria as needed.

The minimum annual gross salary for this position is €55.000 (38.5 hours/week) but can be adjusted based on qualifications and experience.
