

Therefore Corporation is at the forefront of information management software, empowering companies around the world. Are you interested in joining a dynamic team on a mission to set a new global benchmark for information management? Therefore enables thousands of organizations to manage information securely, operate more efficiently, and unlock greater value from their data. Find out more on our [website](#).

We are looking to strengthen our team by recruiting a new:

Chief Architect – Connectors

The Profile:

We are looking for a **Team Lead / Chief Architect – Connectors** to take ownership of an important strategic area of the Therefore™ platform: our integration ecosystem. In this role, you will lead the evolution of our connectors landscape - from stabilizing and maintaining existing integrations to defining and scaling a modern, partner-driven connector ecosystem. You will combine technical leadership, product ownership, and strategic thinking to ensure Therefore remains well-integrated with key enterprise platforms.

Skills & Experience

- Strong experience in software architecture and system integration
- Proven track record with enterprise integrations / APIs / connectors
- Experience with key ecosystems (e.g., Microsoft, ERP systems, workflow/automation platforms)
- Understanding of partner-driven models is a strong advantage
- Solid programming background (e.g., C#, .NET, APIs, cloud)

Leadership & Mindset

- Strong ownership with ability to drive strategic initiatives
- Balance technical depth with business value and clear communication
- Structured, pragmatic, execution-focused

The Job:

Strategy & Ownership

- Drive connectors strategy, roadmap, and ecosystem focus
- Define and prioritize integration use cases aligned with product and customer value
- Build and lead a focused team, coordinating internal and partner contributions

Architecture & Technical Leadership

- Define connector architecture, standards, and best practices
- Ensure scalability, quality, and guide internal & partner implementations

Connector Portfolio Management

- Manage and evolve existing connectors; drive development of new ones
- Maintain a central connector and integration library

Partner Ecosystem & Enablement

- Build and manage partner ecosystem for connector development
- Define build-vs-partner strategy and ensure delivery quality

The Rewards:

- A **high-impact role** in a strategically important product area
- The opportunity to **shape and scale the Therefore™ integration ecosystem**
- A flexible, international work environment

The minimum gross annual salary for this full-time position, based on the collective agreement and full alignment with the role profile, is EUR 45,738. Naturally, the final salary will be determined based on your qualifications and discussed individually.

If these tasks sound like something you would enjoy, we want to hear from you! To apply, please visit our application page at www.therefore.net/apply.
